

# 1ST GRADE MATH SUMMER CAMP

## COURSE DESCRIPTION

All cohorts will meet Tuesday, Wednesday, and Thursday for 3 weeks, for 35 minutes per session.

### Cohort Options:

- **Cohort A:**
  - June 13 - June 29th
  - 1:45pm PDT/4:45pm EDT
- **Cohort B:**
  - July 11 - July 27th
  - 9:15am PDT/12:15am EDT
- **Cohort C:**
  - August 1 - August 17th
  - 10:45am PDT/1:45pm EDT

### Week 1: Addition and Subtraction Facts and Strategies (within 20) (1.OA)

In Week 1, we'll dive into addition and subtraction facts and strategies, helping your child develop a deep understanding of the fundamental building blocks of math. With interactive games and hands-on activities, your child will learn to add and subtract within 20 with ease, using a range of strategies to find the correct answers.

### Week 2: Number Sense and Place Value (1.NBT)

During Week 2, we'll focus on number sense and place value, helping your child develop a strong foundation in the principles of math. From recognizing the value of individual digits to understanding the relationship between different numbers, your child will gain a deep understanding of how numbers work, setting them up for success in more advanced math classes.

### Week 3: Measurement and Time (1.MD)

And in Week 3, we'll explore the exciting world of measurement and time. Your child will learn how to measure objects accurately, using a range of tools and techniques to find the right answers. They'll also develop a deep understanding of time, learning how to read clocks and calendars and make sense of this essential aspect of our lives.
