

3RD GRADE MATH SUMMER CAMP

COURSE DESCRIPTION

All cohorts will meet Tuesday, Wednesday, and Thursday for 3 weeks, for 35 minutes per session.

Cohort Options:

- **Cohort A:**
 - June 13 - June 29th
 - 1:45pm PDT/4:45pm EDT
- **Cohort B:**
 - July 11 - July 27th
 - 9:15am PDT/12:15pm EDT
- **Cohort C:**
 - August 1 - August 17th
 - 10:45am PDT/1:45pm EDT

Week 1: Beginning Multiplication and Division Strategies and Applications (3.OA)

During Week 1, your child will learn valuable multiplication and division strategies and applications, setting them up for a strong foundation in math that will serve them well for years to come. With interactive activities and engaging instruction, your child will master these key concepts in no time.

Week 2: Beginning Fractions (Understanding fractions, equivalent fractions and comparing fractions) (3.NF)

In Week 2, we will focus on fractions - a notoriously tricky topic for many students. But fear not - our expert instructors will guide your child through understanding fractions, equivalent fractions, and comparing fractions with ease. Your child will feel confident and capable in no time!

Week 3: Measurement and Area, Metric System (3.MD)

Finally, in Week 3, we'll tackle the topic of measurement and area in the metric system. With hands-on activities and real-world examples, your child will gain a deep understanding of this crucial topic and be able to apply it in a variety of contexts.
