

# KINDERGARTEN MATH SUMMER CAMP

## COURSE DESCRIPTION

All cohorts will meet Tuesday, Wednesday, and Thursday for 3 weeks, for 35 minutes per session.

### Cohort Options:

- **Cohort A:**
  - June 13 - June 29th
  - 1:45pm PDT/4:45pm EDT
- **Cohort B:**
  - July 11 - July 27th
  - 9:15am PDT/12:15pm EDT
- **Cohort C:**
  - August 1 - August 17th
  - 10:45am PDT/1:45pm EDT

### Week 1: Numbers/Counting 1 -20 (K.CC)

In the first week of our program, we'll focus on numbers and counting from 1 to 20. Your child will learn to recognize and count numbers through interactive and engaging activities. We'll take your child on a number adventure, where they will learn each number's name, shape, and how to count objects up to 20. Our experienced teachers will be on hand to guide your child through fun and educational games that will make learning numbers an enjoyable experience.

### Week 2: Numbers/Counting 1-100 (K.CC)

During the second week, we'll delve deeper into the world of numbers and counting from 1 to 100. We'll teach your child how to count up to 100, recognize larger numbers, and understand number patterns. Through our interactive lessons and games, your child will master the connection between numbers and their quantities. By the end of the week, your child will be able to count and recognize numbers up to 100 with ease.

### Week 3: Beginning concepts of addition and subtraction (K.OA)

In the third week of our program, we'll focus on the beginning concepts of addition and subtraction. Your child will be introduced to basic addition and subtraction rules, which will help them understand how to solve simple math problems. Our experienced teachers will guide your child through addition and subtraction activities and games that will make learning fun and engaging. Your child will learn how to solve simple math problems using visual aids and hands-on activities.
